This revised and expanded third edition offers a comprehensive and engaging introduction to the criminal justice system of England and Wales. Starting with an overview of the main theories of the causes of crime, this book explores and discusses the operation of the main criminal justice agencies including the police, probation and prison services and the legal and youth justice systems. This book offers a lively and critical discussion of some of the main themes in criminal justice, from policy-making and crime control to diversity and discrimination to the global dimensions of criminal justice, including organized crime and the role of the EU. Key updates to this new edition include: increased discussion of the measurement, prevention and detection of crime; a revised chapter on the police which discusses the principle of policing by consent, police methods, power and governance as well as the abuse of power; further discussion of pressing contemporary issues in criminal justice, such as privatization, multi-agency working and community-based criminal justice policy; a brand new chapter on victims of crime, key developments in criminal justice policy, and the response of the criminal justice system. This accessible text is essential reading for students taking introductory courses in criminology and criminal justice. A wide range of useful features includes review questions, lists of further reading, timelines of key events and a glossary of key terms.

Subject Index of the Modern Works Added to the Library of the British Museum in the Years The Scottish Criminal Courts in Action is a useful guide to the conduct of any criminal case. It begins with two fictional cases, one solemn and one summary, which are followed through all their stages from incident to sentence. The text then goes on to summarise the rules of criminal procedure, including areas such as sentencing, appeals, mental disorder, child offenders and private prosecution. This edition takes full account of the changes brought about by the Criminal Procedure (Scotland) Act 1995.

Procedure and Appeal in Summary Criminal Cases in Scotland. With Appendix, Etc This collection of essays honours the work of Sir Gerald Gordon CBE QC LLD (1929-). In modern times few, if any, individuals can have been as important to a single country's criminal law as Sir Gerald has been to the criminal law of Scotland. His monumental work The Criminal Law of Scotland (1967) is the foundation of modern Scottish criminal law and is recognised internationally as a major contribution to academic work on the subject. Elsewhere, he has made significant contributions as an academic, judge and as a member of the Scottish Criminal Cases Review Commission. Reflecting the academic rigour and practical application of Sir Gerald's work, this volume includes essays on criminal law theory, substantive law and evidence and procedure by practitioners and academics within and outside of Scotland, including contributions from England, Ireland and the USA.

A Treatise on the Law of Review in Criminal Cases The Oxford Handbook of Criminal Process surveys the topics and issues in the field of criminal process, including the laws, institutions, and practices of the criminal justice administration. The process begins with arrests or with crime investigation such as searches for evidence. It continues through trial or some alternative form of adjudication such as plea bargaining that may lead to conviction and punishment, and it includes post-conviction events such as appeals and various procedures for addressing miscarriages of justice. Across more than 40 chapters, this Handbook provides a descriptive overview of the subject sufficient to serve as a durable reference source, and more importantly to offer contemporary critical or analytical perspectives on those subjects by leading scholars in the field. Topics covered include history, procedure, investigation, prosecution, evidence, adjudication, and appeal.

Subject Index of the Modern Works Added to the British Museum Library "This chapter has one chance to make a first impression on the reader. Similarly, the clinician has only one chance to make a first impression on the patient who has experienced domestic and/or sexual abuse, such that the patient has the confidence to disclose what has happened to her. She or he may have taken months or years before feeling able to speak about what has happened, so it is essential that they experience a sympathetic, non-judgemental response from the clinician. Descriptions of the positive effects of an empathetic and non-judgemental responses have been given by two female doctors who themselves sought help following sexual violence and domestic abuse, respectively. 1.2 This positive response also has the effect of validating the patient's experience of abuse. This chapter aims to describe the magnitude of the problem of domestic and sexual violence and abuse, and cover the important aspects of the initial contact between the clinician and the patient"--Provided by publisher.

Criminal Procedure in Scotland

Scottish Criminal Evidence Law If you could change one part of the criminal law, what would it be? The editors put this question to nine leading academics and practitioners. The first nine chapters of the collection present their responses in the form of legal reform proposals, with topics ranging across criminal law, criminal justice and evidence – including confiscation, control orders, criminal attempts, homicide, assisted dying, the special status of children, time restrictions on prosecution, the right to silence, and special measures in court. Each chapter is followed by a comment from a different author, providing an additional expert view on each reform proposal. Finally, the last two chapters broaden the debate to discuss criminal law reform in general, examining various reform bodies and mechanisms across England, Wales and Scotland. Criminal Law Reform Now highlights and explores the current reform debates that matter most to legal experts, with each chapter making a case for positive change.

Bill to Regulate and Amend Criminal Procedure in Scotland, and to Extend the Jurisdiction and Powers of the Sheriff in Summary Criminal Cases (Courts of Law (Scotland): Criminal Procedure and Summary Jurisdiction) Examines the influence of classical philosophy on revenge narratives by Shakespeare and his contemporaries.

Essays in Criminal Law in Honour of Sir Gerald Gordon The existence of the separate criminal jurisdiction in Scotland is ignored by most criminological texts purporting to consider crime and criminal justice in 'Britain' or the 'UK.' This book aims to fill a gap for a text that offers a critically informed analysis and understanding of crime and criminal justice in contemporary Scotland. It considers key areas of criminal justice policy making in Scotland, and in particular seeks to discuss the extent to which criminal justice in Scotland is increasingly divergent from other UK jurisdictions. In doing so, the process of devolution is addressed, as are the wider pressures resulting from globalisation, Europeanisation and new patterns of migration.

Reports of Cases Before the High Court of Justiciary in Scotland

A Calendar of Cases of Witchcraft in Scotland, 1510-1727

Reports of Cases in Criminal Law Argued and Determined in All the Courts in England and Ireland Published in 1999. Scottish criminal law and procedure are very different from their counterparts elsewhere in the United Kingdom. This book is the first socio-legal account of the Scottish criminal justice process and its constituent institutions. Its aims are: to explain the operation of the various elements which make up the ‘system’; to summarise the considerable volume of relevant Scottish research; and to locate this knowledge within contemporary theorising about criminal justice. To this end, the editors commissioned a team of experts to write chapters on the various stages of institutions of the Scottish criminal justice process. Given Scotland’s broad social and cultural similarities to the rest of the United Kingdom, the book also provides a useful comparative perspective which should help to discourage the tendency towards overly ethnocentric theorising south of the border.
